RE: 2022 Home Comfort and Home Performance Program Application Version 3.0 Release

Dear Home Comfort Partners:

PSEG Long Island is pleased to announce the 2022 Home Comfort and Home Performance v 3.0 rebate application workbook. These changes are effective Wednesday, August 3rd. Please start using the v3.0 workbook for any new project moving forward. The application workbook is now available for download at <https://www.psegliny.com/saveenergymoney/homeefficiency/homecomfort/contractors>

The minor changes to the application are as follows:

- The heat pump water heaters rebate increased from \$600 to \$1,000 and the contractor incentive increased from \$100 to \$250.
- The Home Performance with ENERGY STAR rebates will increase to \$1,200 (HEMI) and low-to-moderate income (LMI) rebates will increase to \$6,000 and follow the measure chart below.

PSEG Long Island Home Performance with ENERGY STAR Eligible Rebate List		
Measure	HEMI Rebate	LMI Rebate*
Insulation	\$600	\$4,500
Air Sealing	\$300	\$1,000
Duct Sealing	\$300	\$500

***LMI Rebates follow NYSERDA EmPower financial requirements with verifications completed by Energy Finance Solutions.**

- There is now an additional \$500 contractor incentive for combination projects - air source heat pump installation (Home Comfort Program) and weatherization work (Home Performance) - on the same rebate application.

If you have any issues with the Home Comfort Program or rebate application, please remember you can get additional support at the weekly [Virtual Open House meetings](#) held most Fridays. You can also contact myself or Joshua Ebner joshua.ebner@pseg.com with questions.

On behalf of myself and the entire Home Comfort team, thank you for your participation.

Sincerely,

Jonathan Tham
