# Whole-home *electrification solution*

“My experience working with CARTA Electric Homes was great. Julie was very knowledgeable on the various systems and provided guidance with selecting the most efficient and cost savings option for my project design. I am very happy with my new Heating and Cooling system and would recommend to anyone who is interested. The PSEG Home Comfort Program and Julie carried out my rebate application in a sufficient, timely matter and provided excellent customer service.”

—Leanna C.

## Featured Partner

CARTA Electric Homes, located in Brooklyn, NY, worked with the homeowner, a single mother who wished to upgrade her home for her family, to install whole house cold climate air source heat pumps, an energy efficient heat pump water heater, air sealing, duct sealing, and insulation. CARTA Electric Homes and the homeowner leveraged PSEG Long Island Home Comfort and Home Performance rebates, as well as other funding resources. CARTA Electric Homes assisted the homeowner in achieving a healthy home for her and her family to enjoy for years to come. The homeowner will also enjoy the benefits of the Electric Heat Rate Code.
