**PSEG LONG ISLAND  
HOME COMFORT  
PROGRAM ANNOUNCEMENT**

**Document #: HC 2021-04  
Announcement Date: July 8, 2021**

**RE: 2021 Home Comfort and Home Performance Program Application Version 3.0 Release**

Dear Home Comfort Partners:

PSEG Long Island is pleased to announce the quarterly release of the 2021 Home Comfort and Home Performance rebate application v3.0 and the 2021 Geothermal Rebate application v1.2 release. Effective July 14th, all new project submittals must use the new application version. The applications are now available for download at <https://www.psegliny.com/saveenergyandmoney/homeefficiency/homecomfort/contractors> and <https://www.psegliny.com/saveenergyandmoney/greenenergy/geothermal>.

PSEG Long Island is extremely focused on helping their income eligible customers. The Low-Medium Income (LMI) rebates for air-source heat pumps are significantly higher than our normal rebate - \$4,000/12,000 heating Btu (New Construction and Electric Resistance Heating Replacement), \$3,800/12,000 heating Btu (Oil w/ no CAC) and \$3,600/12,000 heating Btu (All other). To promote these higher rebates for LMI eligible customers, PSEG Long Island has branded this offering as **Home Comfort Plus** rebates. We are updating our web site and will be mailing to target customers promoting the **Home Comfort Plus** rebates soon. Our goal is to stimulate the LMI market and raise public awareness. Please be ready to act on these new opportunities.

Home Comfort Partners will need to become participating contractors directly with Energy Finance Solutions (EFS)/Slipstream in order to be eligible to extend LMI rebates to income eligible customers and provide potential financing options for eligible projects with NYSEDA Green Jobs – Green New York funding. To become an EFS participating contractor, please visit <http://www.energyfinancesolutions.com/forcontractors-documents-forms>.

We are also excited to announce the release of the PSEG Long Island ASHP toolkit. The ASHP toolkit is a set of brochures that promote ASHP solutions. These brochures are designed to be printed or electronically shared with your customers. The brochures can be download at <https://www.psegliny.com/saveenergyandmoney/homeefficiency/homecomfort/contractors>.

Thank you for your cooperation and continued support of the PSEG Long Island Home Comfort program.

Sincerely,

*Jonathan Tham*
